

NSP Mountain Travel & Rescue Enhancement Seminar: LOW ANGLE ROPE RESCUE

Learn how to rig and operate low angle rope rescue systems. Through hands-on training, you'll understand how and why they work. Topics include terrain assessment, anchors, patient access, mechanical advantage haul systems, lowering systems and more. Can be used for Senior elective credit. Class size is limited. Pre-registration required.

Saturday, January 14, 2012

Belleayre Mountain Ski Center, Highmount, NY 845.254.5600 x. 1347
